

A vibrant illustration of six children participating in a schoolyard cleanup. In the background, a wooden fence separates the yard from a line of trees with autumn-colored foliage. To the left, a playground structure features a green dinosaur-shaped sandbox. The children are engaged in various tasks: a boy in a red jacket sweeps leaves with a blue rake; a girl in a green sweater bends over a red sandbox; a boy in a blue vest and green pants holds a broom; a boy with glasses in a blue jacket sweeps with a blue rake; a girl in a purple hoodie crouches to pick up leaves; and a girl in a purple vest waters small plants with a blue watering can. A yellow basket and a black trash bag are also visible on the ground.

Wymaga to dużo pracy. Marek, Kajtek i Adam grabili jesienne, opadłe listki. Inni zbierali patyki, kamienie i wkładali je do worka foliowego. A pani plewiła kwiaty i je podlewała. Mamy teraz ładny, kolorowy plac.
